

bisTrack Mobile Delivery

Innovative Proof of Delivery software. Only from Progressive Solutions.

Eliminate the cost of order delivery disputes with bisTrack Mobile Delivery.

When even one order dispute can cost thousands of dollars, delivery verification needs to be a priority. bisTrack Mobile Delivery protects you against unnecessary and expensive write-offs with an affordable proof of delivery software that will end delivery disputes. Using an easy-to-install Windows® mobile application, your drivers can instantly capture proof of their deliveries with verifiable signatures and photos. Securing revenue is as quick as a snap!

With bisTrack Mobile Delivery, use any Windows mobile device to:

- Instantly capture a picture of the delivery at the job site.
- Instantly document where and when the order was delivered.
- Instantly capture proof that the order was complete.
- Instantly capture and attach verifiable client signatures to the delivery.
- Automatically update the order to "Delivered" in real-time.

bisTrack Mobile Delivery gives you all the verification you need to prove what materials you delivered, what location you delivered them to and the date and time you delivered it. Even in situations where you can't get a customer signature, you have proof of the delivery.

One supplier. One integrated system. Only Progressive Solutions.

Using bisTrack Mobile Delivery couldn't be easier.

Like all Progressive Solutions software, bisTrack Mobile Delivery has a simple and intuitive Windows interface that allows drivers to be fully functional at capturing proof of delivery quickly and easily.

1. Mobile device must have touch screen and camera capabilities.

bisTrack Mobile Delivery is fully integrated with Web Track.

Now your customers can see proof of delivery pictures and signatures when they view their orders online.

- Proactively stop order disputes from being initiated by customers in the first place.
- Less inbound dispute calls means less staff time and money spent on manual administration and paperwork.
- Improve customer relations by providing accurate and easily accessible delivery information online.
